

FROSTY THE SNOW-KEN

Frosty the Snow-Ken is a jolly, happy soul! He might not have a corncob pipe or a button nose (or eyes made out of coal for that matter...) but he's our very own fairytale. Look at Frosty the Snow-Ken go!

Follow the instructions to create your very own Frosty the Snow-Ken!

Happy Christmas!
From

Ken and the Greatest Hits Radio family

- 1 - Carefully using scissors, cut around the black outline and around Ken's head.
- 2 - Cut along the dotted lines, fold around the back and over lap the slits until they interlock. You may need to use a bit of sticky tape to keep this bit secure.
- 3 - Now display your Ken decoration wherever you like! We think on top of your tree will look best!
